Subject: FW: Teleconference Record for the Upper Animas Mining District site

Hi Liz, Jamie and Dan – I'm forwarding the teleconference record which documents a conversation last week between R8, HQ and others regarding a potential HRS package for Animas Mining District. I think this document does a decent job of detailing the kinds of things we're looking for. As I mentioned yesterday, the HRS uses sources, pathways and targets to evaluate a site score. This telecon record follows that logic to an extent and could provide background for you as well as provide some key HRS lingo that we use.

How available are you tomorrow?

Thanks,

Rob
